We learn that Mr. Cis	co some days since received a

request from the Secretary of the Treasury to anticipate the payment in coin of the 1st of May interest on govout bonds, but that he has declined to do so, alleging as a reason that he has not sufficient clerical force to rform the work. If this were done the gold market would be greatly relieved, and the premium would no doubt drop three or four per cent. The Assistant Treasurer reports to day as follows:-

Amount on hand \$32.868,490 Receipts from customs 434,000 Total \$36.194.211 aymente \$.784,690 \$31,409,521

The subscriptions at the Sub-Treasury to the two hundred million five per cent loan amounted to \$325,750, and the First National Bank to \$531,800. The new loan is decidedly more popular than it was when first put upon e market, and as capitalists become convinced that the rate of interest will not be advanced upon it they will nore readily invest in it. The government has decided eceive the ten-forty bonds in future as security for the issues of the National Banks, and as the five twenties are now worth in the market 112 a 113 the new loan has ome an attractive feature for banking purposes as well as for permanent investment.

The First National Bank paid Treasury drafts to day amounting to five hundred thousand dollars. The directors of the Ninth National Bank have selected

Mr. H. M. Humphrey, who is now President of the First National Bank of Stamford, Conn., as its cashier.

BREADSTUFFS.-Receipts 5,038 bbis flour, 50 bbis and 1,336 bags corn meal, 107 bushels wheat, 180 do. corn, 2,465 do. oats and 720 do. barley malt. The excitement in the flour market continued to-day, and prices further advanced 20c. a 40c., closing buoyant, with very few sellers at our inside figures. There seems to be no sub stantial basis for the rapid advance which has been going on for the past week, and with navigation open and little or no foreign demand, prices are likely to recede quite as rapidly, within the next thirty days, as they are now going up, unless gold should touch a materially bigher point in the meantime. The sales were 25,000 bbls. State and Western, 3,000 do. Southern and 1,800 Canadian. Rye flour was somewhat firmer, with 300 bbis. sold. Corn meal also found ready purchasers at advancing prices.
